ABOUT THIS REPORT

This report details findings against the *Standards for Registered Training Organisations 2015*.

The evidence guidance included against each clause is designed to guide the auditor and RTO on the requirements of the clause. The evidence guidance is not designed to limit the audit findings and there may be other factors an auditor takes into consideration when determining whether compliance has been demonstrated.

Where evidence of non-compliance is identified, the ‘Reasons for finding of non-compliance’ section of the report will document the issues that were considered in the formulation of a finding of non-compliance.

STANDARD 1 The RTO’s training and assessment strategies and practices are responsive to industry and learner needs and meet the requirements of training packages and VET accredited courses.

Validity requires: <ul style="list-style-type: none"> • assessment against the unit/s of competency and the associated assessment requirements covers the broad range of skills and knowledge that are essential to competent performance; • assessment of knowledge and skills is integrated with their practical application; • assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and • judgement of competence is based on evidence of learner performance that is aligned to the unit/s of competency and associated assessment requirements.
Reliability	Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.

Assessment is conducted in accordance with the Principles of Assessment contained in Table 1.8-1 and the Rules of evidence contained in Table 1.8-2	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Reasons for finding of non-compliance:

Evidence sighted:

Assessments for the unit *TLIJ3002 Apply Quality Systems*:

- Written Questions
- 2 Projects
- Workplace Assessment

The Workplace Assessment a Third party evidence guide consisting of an Observation Checklist did not meet the Principles of Assessment as the observations were just a copy of the Performance Criteria from the Training Package and were not skills based observations. Candidates also needed to be observed within a workplace, however, the majority of students were unemployed.

This assessment instrument was removed at the audit and the Assessment plan and the

Training and Assessment Strategy was edited. The Compliance Manager then demonstrated that the remaining assessment instruments covered the full scope of the unit as described within the Training Package.

The RTO was now compliant with this clause of the Standards.

RII30813 Certificate III in Plant Operation.

The training and assessment of this qualification was the subject of a complaint

As this qualification was now superseded and no students were currently enrolled in this qualification, student files were examined from *TLI31610 Certificate III in Warehousing Operations* and the standalone unit *TLIC3004 Drive a heavy rigid vehicle*, two of the most popular courses being run.

Student files for Thi Mint Dean and Stuart Devlin (*TLI31610*) were audited and were found to be complete with the assessments meeting the Rules of Evidence.

Student files for James Turner and Andrew Damsma (*TLIC3004*) were also audited and were found to be complete with the assessments meeting the Rules of Evidence.

This complaint was not substantiated.
